December 4, 1957

Mr. Leon Grunewald,  
214 Rambour St. Honore,  
PARIS, France.

Dear Leon:

I got your cable this morning about  
the Delhi Oil Company and also your letter of November  
29th, with enclosures contained therein.

Delhi is an American controlled company,  
entirely owned by Mr. Clint W. Muckison of Texas, and  
is not even listed on the Canadian Stock Exchanges.  
He is just using a Canadian company as a blind for  
the French authorities but, to all intents and purposes,  
Delhi is American owned and they still have not given  
one concession to a Canadian group.

I have seen the Embassy's protest and  
I must say that the Canadian Government has kept their  
promise to me and gone out of their way to do every-  
thing possible short of a declaration of war.

It seems to Bernard and myself, Leon,  
that there is a chance now to get a concession if  
you will suggest that our participation be reduced,  
say to 5%. This might be more acceptable. I feel  
that for our purposes any interest, no matter how  
small, will be sufficient to ensure a successful pro-  
motion.

I am enclosing a clipping from the  
Montreal GAZETTE of today's date, which gives the  
details of the new Delhi deal in Algeria.

I confirm my cable to you of even date  
as follows:

"DELHI WHOLLY AMERICAN OWNED BY MUCKISON  
WRITING"

Sincerely yours,

LM:ice
